

NEW CONTRACT FOR THE SALERNO-REGGIO CALABRIA HIGHWAY

- Award in favor of the SPV headed by Tecnimont S.p.A. (mandated agent), which will act as General Contractor, for the macro-parcel number 3, second part, of the A3 Highway
- Detailed design, construction management and execution for the modernization and upgrading of 20.5 km of highway
- Total value of the work: €400 MN, of which circa €200 MN Maire Tecnimont's share

Rome, 22 May 2009 – **Maire Tecnimont S.p.A.** announces that the Special Purpose Vehicle ("SPV" or ATI in Italian) between its own operating subsidiary **Tecnimont S.p.A.** (mandate agent) and the Consortium Stabile UNITER, has been awarded, as General Contractor, the tender held by ANAS, manager of the national road and highway network, relating to the modernization and upgrading of the macro-parcel number 3, second part, of the Salerno-Reggio Calabria A3 Highway (from km 153.4 to km 173.9).

In particular, the contract foresees executive design, construction management and realization of the works, as well as the environmental monitoring for the entire duration of the project and the safety coordination, both in the design and in execution phases.

The total value of the work is equal to circa €400 million, of which circa €200 million is the share of Maire Tecnimont Group.

The award of the project is provisional and subordinated to the verification of the administrative documentation.

"I am particularly satisfied with this new important result for our Group" declared **Fabrizio Di Amato, Chairman and Chief Executive Officer of Maire Tecnimont S.p.A.** "This project, which will be realized for a prestigious client such as ANAS, confirms our capability as main contractor and engineer in the complex infrastructure field, including the railway, roadwork and underground mass transport sectors."

Maire Tecnimont S.p.A.

Maire Tecnimont S.p.A. is the parent company of an international industrial group which provides a comprehensive, integrated system of services and installations in its sectors: Chemicals and Petrochemicals, Oil & Gas, Power,

Civil Engineering and Infrastructure.
